HAZARD LAMP & EASY START SYSTEM

Equipped with a warning light for emergency situations on the road; press the starter button once, and the engine starts automatically

LCD SPEEDOMETER BACKLIGHT

The full-panel digital design features a new display with a backlight, providing better illumination on the sides of the panel to make it easier for riders to read information while riding at night.

LAMP RING

Equipped with a keyless system to ensure the motorcycle's security while parked, it now features new headlights that give it a more modern and up-to-date look.
